

● **GLASS POOL FENCE**

Aquaview fencing provides a nearly invisible barrier, leaving sight lines unobstructed. Each glass panel is made from a half inch of tempered safety glass, with a selection of stainless steel mounting clamps available to securely hold the fence in place. ●

● **AMERICAN PRAIRIE**

This line of reclaimed boarding by Pioneer Millworks comes in a variety of species salvaged from California fences (Redwood shown). Because they are naturally weathered, each board takes on a unique hue, texture, and dimension. Boards can be left unfinished, with ecofriendly prefinish options available. ●

FOR MORE INFORMATION, VISIT WWW.PIONEERMILLWORKS.COM.

● **CANTILEVERED BENCH**

This custom bench by Tournesol Siteworks was designed in collaboration with Rios Clementi

Hale Studios to enclose a rooftop lounge for residents to enjoy. The bench adds richness to the design with textured wood, while making use of the ample amount of wall space snaking throughout the project. ●

FOR MORE INFORMATION, VISIT WWW.TOURNESOLSITWORKS.COM.

● **ARCHITECTURAL PANELS**

These custom pieces by SteelCrest can be used for a variety of applications including railings, dividers, security gates, fencing, and screens. Designers can select from a variety of patterns, finishes, thicknesses, and materials depending on the use requirements of the project. ●

FOR MORE INFORMATION, VISIT WWW.STEELCRESTONLINE.COM.

● **DAUNIA**

Recommended for industrial, commercial, and residential use, this fence by Fe Industries is strong on geometry and symmetry. Each product is made from steel and can be finished with hot-dip galvanizing, commercial brush blast, electrostatic powder top coat, or a color of the designer's choice. ●
